

RIGDON, WALTER E.
1880-March 1, 1889

Mrs. R. C. Gray received a telegram yesterday morning announcing that Walter Rigdon had died at Denver where he was taken by his parents a few weeks ago for treatment. The remains will be brought home for interment, we understand. Walter was a bright and promising boy, and his death is particularly sad. The parents have the deepest sympathy of their many Wheatland friends in their bereavement. Walter was 9 years of age and until recently had been in good health. A kidney affection had developed recently, which produced dropsy which rapidly brought about his death.
