Scott Charles Woolsey, beloved husband, father, son, brother and friend, passed away at the University of Colorado Hospital Anschutz Pavilion in Denver, Colo. on Saturday, March 29.

Scott was born Jan. 26, 1963, the son of Charles "Chick" Woolsey and Virginia Boyd, raised and happily lived his entire life in Wheatland. He grew up with his older sister, Cheryl Ann. After his parents' divorce and his mother's remarriage, he became step-brother to Brook, Sky, Wood and Star Phifer. Growing up, he split his time between the farm and town. He graduated from Wheatland High School in 1981 and received his Bachelors Science degree in Civil Engineering from the University of Wyoming

in 1986 where he was in the Sigma Chi fraternity. He later obtained his license as a Professional Engineer.

He spent his nearly 27 year career as a civil engineer working for Basin Electric Power Cooperative at the Laramie River Station in Wheatland. He was meticulous about his work.

Scott met Mary Wheeler in Wheatland on March 9, 1988 and it was love at first sight. The two married September 3, 1988. Their family was complete when they were blessed with two amazing sons, Adam Charles and Blake Richard Woolsey. As the boys grew, the family kept busy enjoying all their activities and school events. He was a supportive, loving, and devoted husband and father. Scott loved spending time hunting, riding four wheelers, and experiencing nature in

the great outdoors. He enjoyed computers, tinkering, doing games that stimulated his mind, and spending time with his family and at the farm. He was known for his integrity, work ethic, and generosity. Loving and providing for his family was Scott's utmost priority. Scott was a member of the ASCE, a lifetime member of the NRA, and a proud conservative. He was affiliated with the Wheatland Bible Church and his faith helped sustain him through all he was faced with the past several years.

In 2010, Scott was diagnosed with a chronic lung disease and ultimately received a life-saving double lung transplant on March 20, 2011 at Saint Joseph's Hospital in Phoenix, Ariz. Since then, he lived life to the fullest enjoying his family, friends, and the great Wyoming outdoors.
